December 30, 2021

Dear Ms. Claudia Divine and the New Hope Charities/Guillermo Community Organization and Donators:

SCO Family of Service / Flushing Family Residence origination and staff would like to thank you for your very generous holiday Gift donations.

You truly showed the teenagers here at Flushing the true meaning of Christmas which is giving to others that are less fortunate than yourselves; your act of kindness demonstrated the love and determination that was put into making holiday dreams come true by shipping the gifts from Florida to New York. Every donation was extremely appreciated. The teens were elated to have received such expensive Games,

We would like for you to know that "words cannot express how your donation put smiles on their faces and tremendously encouraged them to know that someone thought about the teens this 2021 holiday season.

Thank you for being a blessing; You have demonstrated that whatever it takes to help people thrive, no matter the obstacles they face or the challenges they must overcome, there are people in the world that care and are willing to help Thank you again for your very generous contribution. I look forward to continuing to build a relationship with you.

Extremely Grateful,

M.s. Watkins
